Section A: Faculty section

1. General provisions

Article 1.1 Applicability of the Regulations

1.	These Regulations apply to anyone enrolled in the programme, irrespective of the academic year in which the student was first enrolled in the programme.	Advice OLC, approval FGV (9.38 sub b)
2.	These Regulations enter into force on 1 September 2025.	Advice OLC, approval FGV (9.38 sub b)
3.	An amendment to the Teaching and Examination Regulations is only permitted to concern an academic year already in progress if this does not demonstrably damage the interests of students.	Advice OLC, approval FGV (9.38 sub b)

Article 1.2 Definitions

The following definitions are used in these Regulations (*in alphabetical order*):

a. academic year: the period beginning on 1 September and ending on 31 August of the following calendar year;

b. EC (European Credit): a course credit with a workload of 28 hours of study;

c. examination: an assessment of the student's knowledge, understanding and skills relating to a unit of education. The assessment is expressed in terms of a final mark. An examination may consist of one or more partial examinations. A resit always covers the same material as the original examination. An examination can be completed in writing, orally or in another way;

d. final examination a Master's programme consists of a Master's examination;

e. internship period spent working in professional practice as part of a study programme;

f. 1. joint degree: a degree awarded by an institution together with one or more institutions in the Netherlands or abroad, after the student has completed a study programme (a degree programme, a major or a specific curriculum within a degree programme) for which the collaborating institutions are jointly responsible;

2. double degree: partnership between a programme of a Dutch educational institution with a foreign educational institution, whereby students complete all or part of both study programmes and obtain two diplomas on the basis of agreements regarding the mutual recognition of the programme (replacement courses);

g. period: a part of a semester;

h. practical exercise: participation in a practical training or other educational learning activity, aimed at acquiring certain (academic) skills. Examples of practical exercises are:

- researching and writing a thesis or dissertation
- carrying out a research assignment
- taking part in fieldwork or an excursion
- taking part in another educational learning activity aimed at acquiring specific skills, or
- participating in and completing a work placement;

i. programme: the totality and cohesion of the units of education, teaching activities/methods, contact hours, testing and examination methods and recommended literature;

j. SAP/SLM: the student information system (*Student Lifecycle Management*);

k.	semester:	the first (September - January) or second (February - August) half of an academic year;
l.	specialisation:	optional route of study within a degree programme indicating a deepening of the context of the programme (e.g. interdisciplinary or multidisciplinary);
m.	student	person studying;
n.	student statute:	sets out the rights and responsibilities of students on the one hand, and of Vrije Universiteit Amsterdam on the other hand, including those derived from the law and those derived from university regulations. The Executive Board (CvB) officially confirms the student statute once its completeness has been approved by the University Student Council (USC);
o.	study guide:	the guide for the study programme that provides further details of the courses, provisions and other information specific to that programme. The Study Guide is available electronically at: https://studiegids.vu.nl/en#/;
p.	study monitor: (*studiemonitor*):	dashboard for students and academic advisors containing data pertaining to the student, including the student's study progress;
q.	subject:	see t. 'unit of education';
r.	thesis	a unit comprising research into the literature and/or contributing to scientific research, always resulting in a written report;
s.	track:	a study pathway within a broader Bachelor's or Master's degree programme, such as a fully English-language study pathway within a Dutch-language Bachelor's or Master's programme;
t.	unit of education:	a unit of study of the programme within the meaning of the WHW;
u.	university:	Vrije Universiteit Amsterdam;
v.	WHW:	the Dutch Higher Education and Research Act (Wet op het Hoger Onderwijs en Wetenschappelijk Onderzoek);
w.	workload:	the workload of the unit of education to which an examination applies, expressed in terms of credits = EC credits (ECTS = European Credit and Transfer Accumulation System). The workload for 1 year (1.680 hours) is 60 EC.

The other terms have the meanings ascribed to them by the WHW.

2. Study programme structure

Article 2.1 Structure of academic year and units of education

1.	The study programme will be offered in a year divided into two semesters.	Ordinance CvB, see Appendix III
2.	Every semester consists of three consecutive periods. The first two periods each consist of eight weeks, and the final period consists of four weeks.	Ordinance CvB, see Appendix III
3.	A unit of education comprises 6 EC or a multiple thereof.	Ordinance CvB, see Appendix III
4.	By way of exception to paragraph 3, the Executive Board may in special cases and on request of the Faculty Board, stipulate that a unit of education comprises 3 EC or a multiple thereof.	Ordinance CvB, see Appendix III

3. Assessment and examination

Article 3.1 Signing up for education and examinations

1. Every student must sign up to participate in the units of education of the programme, the examinations and resits. The procedure for signing up is described in an annex to the student statute.	Ordinance CvB, see Appendix III
2. Signing up may only take place in the designated periods.	Ordinance CvB, see Appendix III

Article 3.2 Type of examination

1. At the examiner's request, the Examination Board may permit a different form of examination than is stipulated in the study guide.	Advice OLC, approval FGV (7.13 l)

Article 3.3 Oral examinations

1. No more than one student will be examined orally at a time, unless specified otherwise in part B for the relevant unit of education.	Advice OLC; approval FGV (7.13 l and n)
2. A second examiner is present when an oral examination is being held, unless the Examination Board has determined otherwise. The oral examination takes place at a time and location to be determined by the examiner within the regular timetable, on campus or online. At the request of the student, and with the approval of the examiners, an audio recording can be made. Should the second examiner not be available unexpectedly, an audio recording of the oral exam can be made. This audio recording is retained by the university for the retention period applicable for examinations.	Advice OLC; approval FGV (7.13 l and n)

Article 3.4 Determining and announcing results

1. The examiner determines the result of a written examination within fifteen working days. However, the marking deadline for theses and final assignments is no longer than twenty working days after submission. The examiner will then immediately ensure that the marks are registered and also ensures that the student is immediately notified of the mark, taking due account of the applicable confidentiality standards.	Ordinance CvB, see Appendix III
2. The examiner determines the result (i.e. mark) of an oral examination as soon as possible, but at the latest within one working day after the examination has finished and informs the student accordingly. The third clause of the first paragraph applies.	Advice OLC; approval FGV (7.13 o)
3. In the case of assessments other than oral or written examinations, the Examination Board determines in advance how and by what deadline the student will be informed of the results.	Advice OLC; approval FGV (7.13 o)

Article 3.5 Examination opportunities

1. a. Per academic year, two opportunities to take examinations will be offered for each unit of education. b. By way of exception to a., the options for retaking practical exercises, work placements and theses are detailed in the relevant work placement manual, course manual or teaching regulations.	Ordinance CvB, see Appendix III
2. The most recent mark will apply in the event of a resit. A resit is allowed for both passed and failed units of education.	Ordinance CvB, see Appendix III

3. The resit for an (partial) examination may not take place within ten working days of the announcement of the results for the original (partial) examination. Exceptions are only possible in period 6.	Advice OLC; approval FGV (7.13 j)
4. The Examination Board may allow a student an extra opportunity to sit an examination if that student: a) lacks only those credits to qualify for their degree; and b) has failed the examination during all the previously offered attempts unless participation in an examination was not possible for compelling reasons. The extra opportunity can only be offered if it concerns a written examination, a paper or a take home examination. This provision excludes the practical exercises and the Master's thesis. Requests for an additional examination opportunity must be submitted to the Examination Board no later than 15 July. If necessary, the method of examination may deviate from the provisions in the study guide.	Ordinance CvB, see Appendix III
5. If a unit of education is no longer offered, at least one additional opportunity will subsequently be provided to sit the examination(s) or parts thereof and a transitional arrangement will be included in section B.	Advice OLC, approval FGV (7.13 j)

Article 3.6 Marks

1. (Partial) grades are given on a scale from 1 to 10 with no more than one figure after the decimal point.	Ordinance CvB, see Appendix III
2. A final mark between 5 and 6 will be rounded to the nearest whole number: final marks below 5.5, rounded down; final marks of 5.50 or higher, rounded up. All other final marks will be expressed in whole or half marks.	Ordinance CvB, see Appendix III
3. To pass a given course or unit, a final mark of 6 or higher is required.	Ordinance CvB, see Appendix III
4. The Examination Board can allow the use of symbols rather than numbers, for example: s(atisfactory), g(ood), u(n)s(at)is(factory), etc. In case a student does not take part in any examination, the examiner will register the mark 'ns' (c.q. no show).	Ordinance CvB, see Appendix III

Article 3.7 Exemption

1. At the written request of the student, the Examination Board may exempt the student from taking one or more examination components, if they: a. have either passed a unit of education at a university or university of applied sciences (HBO) or a research university (WO) that is equivalent in terms of content and level; or b. have demonstrated through their work and/or professional experience that they have sufficient knowledge and skills with regard to the relevant unit of education.	Advice OLC; approval FGV (7.13 r)
2. The Master's thesis is excluded from this exemption possibility.	Advice OLC; approval FGV (9.38 sub b)
3. a. A maximum of 18 EC for a one-year Master's programme and 36 EC for a two-year Master's programme can be accumulated through granted exemptions. The substituting courses are not included. b. This regulation does not apply if a student is (simultaneously) enrolled in multiple programmes, which lead to multiple degrees, where courses may be part of both programmes. In such a case, the Examination Board may deviate from the regulations under a.	Advice OLC; approval FGV (9.38 sub b)

Article 3.8 Validity period for results

1.	The validity period of examinations passed and exemption from examinations is unlimited, unless otherwise specified in Section B.	Legal provision
2.	The validity period of a partial examination is limited to the academic year in which it was sat or until the end of the unit of study concerned, as stipulated for the relevant unit of study in Section B. In exceptional circumstances, an examiner may deviate from this; this must be stated on Canvas at the start of the unit of education.	Advice OLC; approval FGV (9.38 sub b)

Article 3.9 Right of inspection and post-examination discussion

1.	Within twenty working days after the announcement of the results of a written examination, but at least ten working days before the resit opportunity for that examination, the student can submit a request to review their graded examination.	Advice OLC; approval FGV (7.13 p and q)
2.	Students can view the questions and assignments set in the written examination, and the standards applied when assessing the examination, within the period specified in 3.9.1.	Advice OLC; approval FGV (7.13 q)
3.	The examiner determines whether the inspection takes place collectively or individually. In all cases, the time and place of the inspection is announced in the course manual or learning environment.	Advice OLC; approval FGV (7.13 q)
4.	Students are entitled to feedback on their academic performance. The manner in which this is provided in each unit of education is described in the course manual.	Advice OLC; approval FGV (7.13 p and q)

4. Academic student counselling and study progress

Article 4.1 Administration of study progress and academic student counselling

1.	The faculty board is responsible for the correct registration of the students' study results. After the assessment of a unit of education has been registered, every student has the right to inspect the result for that component and also has a list of the results achieved at their disposal in VU.nl Dashboard.	Advice OLC; approval FGV (7.13 u)
2.	Enrolled students are eligible for academic student counselling. Academic student counselling is in any case provided by a. The Student Counsellor b. Student psychologists c. Faculty academic advisers	Advice OLC; approval FGV (7.13 u)

Article 4.2 Facilities for students with a disability or impairment

1.	Students with a disability or impairment , can submit a request via VU.nl Dashboard to qualify for one or more special facilities with regard to teaching, practical exercises and examinations. These facilities will accommodate the student's individual disability or impairment as much as possible, but may not alter the quality or degree of difficulty of a unit of education or an examination. In all cases, the student must fulfil the exit qualifications for the study programme.	Advice OLC; approval FGV (7.13 m)
2.	The request referred to in the first paragraph must be accompanied by a statement from a doctor or psychologist. If possible, an estimate should be given of the potential impact on the student's study progress. In case of a chronic disability a single (one time) request suffices.	Advice OLC; approval FGV (7.13 m)

3. Students who have been diagnosed with dyslexia must provide a statement from a BIG-, NIP- or NVO-registered professional who is qualified to conduct a psychological evaluation.	Advice OLC; approval FGV (7.13 m)
4. The faculty board, or the person acting on behalf of the faculty board, decides on teaching facilities and facilities regarding logistics. The Examination Board will decide on requests for facilities with regard to examinations.	Advice OLC; approval FGV (7.13 m)
5. In the event of a positive decision in response to a request as referred to in paragraph 1, the student can make an appointment with the academic adviser to discuss the details of the provisions.	Advice OLC; approval FGV (7.13 m)
6. A request for one or more facilities can be refused if it would place a disproportionate burden on the organisation or the resources of the faculty or university were it upheld. Any such refusal will be substantiated.	Advice OLC; approval FGV (7.13 m)
7. If the disability or impairment justifies an extension of the examination time, the responsible person on behalf of the Examination Board will register in SAP this entitlement to an extension. If a disability or impairment justifies other measures to be taken, the academic adviser can take the necessary measures. The student can consult the study monitor to check which facilities have been granted to them.	Advice OLC; approval FGV (7.13 m)
8. The decision as referred to in paragraph 5 may specify a limited validity of the facilities granted.	Advice OLC; approval FGV (7.13 m)

5. Hardship clause

Article 5.1 Hardship clause

In instances not regulated by the Teaching and Examination Regulations or in the event of demonstrable extreme unreasonableness or unfairness, the faculty board responsible for the study programme will decide, unless the matter concerned is the responsibility of the Examination Board.	Advice OLC; approval FGV (9.38 sub b)

Section B1: Programme-specific section

6. General programme information and characteristics

Article 6.1 Study programme information

1. The programme Health Sciences CROHO number 66851 is offered on a full-time basis.	Advice OLC; approval FGV (7.13 u)

Article 6.2 Teaching formats used and modes of assessment

1. The programme uses the teaching formats as specified in the course manual at the start of the course.	Advice OLC; approval FGV (7.13 x)
2. The modes of assessment used per unit of education are specified in the course manual.	Advice OLC; approval FGV (7.13 l)

Article 6.3 Academic student counselling

1. The programme offers the following counselling in addition to the student counselling mentioned in Section A: - Not applicable	Advice OLC; approval FGV (7.13 u)

7. Further admission requirements

Article 7.1 Intake date(s)

1. The Master's programme starts on 1 September.	Advice OLC, Approval FGV (9.38 sub b)

Article 7.2 Admission requirements

1. Admission to the Master's programme is possible for an applicant who has obtained a VU Bachelor's degree in Health Sciences, or a Bachelor's degree in a Health Sciences related programme obtained at an institution of academic higher education (an accredited research university including at least three full years of academic study, equal to a minimum of 180 EC or equivalent), which demonstrates the following knowledge, understanding and skills: a. knowledge: human biology (≥ 30 EC) b. knowledge, understanding and skills: epidemiology (≥ 6 EC), biostatistics (≥ 12 EC)	Advice OLC, approval FGV (9.38 sub b)
2. Not applicable	Advice OLC, approval FGV (9.38 sub b)
3. Applicants with a Bachelor's degree obtained at an institution outside the Netherlands may be asked for additional methods to prove that they meet the admission requirements.	Advice OLC, approval FGV (9.38 sub b)
4. Applicable for admission from academic year 2026-2027: Applicants who have completed a prior programme of education in a language other than Dutch which entitles them to admission must demonstrate adequate command of the Dutch language, which can be evidenced by successful completion of:	Advice OLC, approval FGV (9.38 ub b)

a. The official Dutch as a Second Language Programme II (NT2-II); b. The Inter-university Dutch Language Admission Test (ITN); c. Certificate of Dutch as a Second Language (CNaVT), profile '*Educatief Professioneel'* (EDUP) C1 or *'Educatief Startbekwaam'* (SRTR) B2; d. Final school examinations accepted by Vrije Universiteit Amsterdam, which included the Dutch language. Those who have been admitted to a Dutch-language study programme based on a diploma obtained abroad and who have successfully completed level 4 of VWO or higher with a pass grade in Dutch are exempted from the language requirement.	
5. Applicable for admission until academic year 2025-2026: Applicants should demonstrate that they have a sufficient level of proficiency in English by meeting at least one of the following standards: - IELTS Academic: an overall score of at least 6.5; IELTS test has a validity of 2 years. - TOEFL iBT: an overall score of at least 92; TOEFL test has a validity of 2 years. - Cambridge Certificate of Proficiency in English (CPE) or Cambridge Certificate of Advanced English (CAE) with an overall score of at least 180. Cambridge tests are valid indefinitely.	Advice OLC, approval FGV (9.38 sub b)
6. Applicants who have completed one of the following meet the English language requirement and therefore are exempted from taking an English language test (as mentioned in the section 5) if: - a secondary education or higher education degree fully taught in English has been completed in Australia, Canada (except Quebec province), Ireland, New Zealand, Singapore, South Africa, the United Kingdom or the United States of America; - a Bachelor's or Master's degree in an English-taught programme accredited by NVAO in the Netherlands has been earned; or - a Bachelor's or Master's degree in an accredited fully English-taught university programme has been earned in a member state of the European Union/ European Economic Area; or - a VWO diploma or equivalent diploma in which the course of English of a comparable level is required has been earned.	Advice OLC, approval FGV (9.38 sub b)
7. The Admission Board will investigate whether the applicant meets the admission requirements.	Advice OLC; approval FGV (9.38 sub b)

Article 7.3 Selection criteria

1. In addition to the admission requirements referred to in Article 7.2, the Faculty Board also sets (at least two of) the following selection criteria: Not applicable	Advice OLC, approval FGV (9.38 sub b)

Article 7.4 Pre-Master's programme

1. Applicants with a Bachelor's degree from a university of applied sciences (HBO) or a Bachelor's degree from a research university (WO) *in a Health Sciences related field that corresponds to a sufficient extent with the subject area covered by the Master's programme* who wish to enter the programme but do not fulfil the admission requirements as stipulated in Article 7.2 can request admission to the	Advice OLC; approval FGV (9.38 sub b)

pre-Master's programme.

Article 2 of these regulations does not apply to admission to a bridging or pre-Master's programme. The provisions of sections A and B only apply to the extent that they are described in Article 7.4. Information about the programme from part B2 applies, insofar as it concerns the units of education from the pre-Master's programme.

2. Applicants must, in addition to paragraph 1 above, also satisfy the following requirements regarding:
   - Knowledge: human biology (≥ 30 EC)

   Advice OLC; approval FGV (9.38 sub b)

3. Applicants who have completed a prior programme of education in a language other than Dutch which entitles them to admission must demonstrate adequate command of the Dutch language, which can be evidenced by successful completion of:
   a. The official Dutch as a Second Language Programme II (NT2-II);
   b. The Inter-university Dutch Language Admission Test (ITN);
   c. Certificate of Dutch as a Second Language (CNaVT), profile '*Educatief Professioneel*' (EDUP) C1 or *'Educatief Startbekwaam'* (SRTR)B2;
   d. Final school examinations accepted by Vrije Universiteit Amsterdam, which included the Dutch language.

   Those who have been admitted to a Dutch-language study programme based on a diploma obtained abroad and who have successfully completed level 4 of VWO or higher with a pass grade in Dutch are exempted from the language requirement.

4. A candidate must demonstrate that they meet the language requirements, as specified in Article 7.2.

   Advice OLC; approval FGV (9.38 sub b)

5. The pre-Master's programme is taught in Dutch and has 24 credits. It consists of the following units:

Course code	Unit of education	EC
AP_1001	Kwalitatief Onderzoek	6
AP_470901	Methodologie en toegepaste biostatistiek 1	6
AP_470907	Methodologie en toegepaste biostatistiek 2	6
AP_1002	Methodologie en toegepaste biostatistiek 3	6

   The following terms also apply:
   a. If a pre-Master's student completes an individualised pre-Master's programme, this is to be communicated by the Admission Board to that student in writing.
   b. The Examination Board can, if the pre-Master's student submits a written request, exempt the student from one or more examinations.
   c. Article 3.5.4 does not apply to pre-Master's students.

   Advice OLC; approval FGV (9.38)

6. Evidence that the pre-Master's programme has been completed successfully will entitle the student to admission to the relevant Master's programme in the following academic year. A pre-Master's programme must be completed within one academic year.

   Advice OLC; approval FGV (9.38 b)

8. Examinations and results

Article 8.1 Sequence of examinations

1.	Students may participate in the examinations and practical exercises of the units of education listed below only if they have passed the examination or examinations for following units of education: - Internship Health Sciences (AM_1115) after passing the course Research Methods for Health Sciences (AM_1255) and at least two other courses within the curriculum (a total of ≥18 EC). - If the student has not passed the course Research Methods for Health Sciences (AM_1255) before starting the internship, a third exam opportunity for this course may be granted by the examination board, subject to the conditions outlined in the internship manual.	Advice OLC; approval FGV (7.13 h, s & t)

Article 8.2 Validity period for results

1.	The validity period of the examinations and exemptions from examinations below is limited, as follows: - See Article 3.8 of the Teaching and Examination Regulations, section A. No further specific provisions.	Advice OLC; approval FGV (7.13 k)
2.	A student may request the Examination Board to extend the validity of an exam. If the student's knowledge is demonstrably outdated, or if the student's skills and understanding are demonstrably outdated, the Examination Board may impose a supplementary examination, impose a replacement examination or refuse to extend the period of validity.	Legal provision
3.	In situations where a limited period of validity applies, the period of validity of examinations may be extended in the event of extenuating circumstances as stipulated in WHW Article 7.51, paragraph 2, with at least the period of allocated financial assistance specified in WHW Article 7.51, paragraph 1.	Legal provision

Section B2: Programme-specific section – content of programme

9. Programme objectives, tracks/specialisations, exit qualifications and language

Article 9.1 Workload

1. The programme has a workload of 60 EC.	Approval OLC; (7.13 g)

Article 9.2 Tracks and/or specialisations

1. The programme has the following tracks and/or specialisations: - Infectious Disease & Public Health - International Public Health - Nutrition & Health - Prevention & Public Health - Health Policy As the curriculum for the Master in Health Sciences will change from 2026-2027, academic year 2025-2026 is the last year that students can start in these specialisations.	Approval OLC; (7.13 a)

Article 9.3 Programme objective

1. The programme aims to: master knowledge and skills contributing to a multi- or interdisciplinary approach to complex health problems, health promotion, disease prevention and healthcare in a national or international context.	Advice OLC; (7.13 a)

Article 9.4 Exit qualifications

1. At all events, a graduate of the study programme will have: - Knowledge and understanding in the field of Health Sciences. The graduate: • understands that the core of Health Sciences requires a multi- and interdisciplinary approach of complex health and health care problems; • has knowledge of the central role of evidence-based research in the development of health promotion, disease prevention and healthcare and recognizes evidence-based scientific outcomes; • can play a professional role at an academic level in the broad field of Health Sciences and understands the role of diversity in differences in health status between groups and the determinants causing these differences; • has knowledge and understanding of relevant scientific methods in the field of Health Sciences. - The ability to apply knowledge. The graduate is able to: • systematically develop interventions based on evidence from empirical epidemiologic population studies; • compare and critically evaluate the different approaches to healthcare problems; • to decide what is the best approach in the societal context; • plan, perform, evaluate and write up results of a scientific study in Health Sciences including the selection and application of valid and reliable measurements for health and disease;	Approval OLC (7.13)

• combine foundational knowledge with expected health prognoses/outcomes to formulate an appropriate research question in light of current literature and understand the clinical and public health perspectives with regard to health(care) problems; • identify and collect health related information from different sources and use this information to analyze complex health (care) problems; • evaluate the role of ethics in public health and upholds a well-defined ethical and moral standard when it comes to research. - The ability to critically judge Health Sciences research. The graduate: • critically evaluates technical, methodological and ethical limitations and consequences of (multi- and interdisciplinary) health research; • judges the scientific and societal relevance of research within the discipline. - The ability to communicate about work to a variety of stakeholders in the field of Health Sciences. The graduate is able to: • report orally on research results in English; • produce an English written draft of a scientific article; • communicate knowledge, insight and moral and/or ethical views, tailored to the target audience, with a professional attitude. - Learning skills. The graduate is able to: • learn new analytical methods/skills independently; • identify a path towards further professional development drawing on the strengths and weaknesses of their own learning preferences.	
2. Notwithstanding the provisions of paragraph 1: - A graduate of the track/specialisation Infectious Disease & Public Health will have the following knowledge and understanding. The graduate: • possesses knowledge of the immunological aspects, development and expression of infectious disease and of the epidemiology, control and elimination of various infectious pathogens, as well as of the appropriate vaccinations; • knows the life cycle, virulence and transmission of infectious pathogens, and of the outcome of diseases, in addition to being able to describe the various diagnostic laboratory tests for parasitic infections; • is able to describe the relationship between nutrition and the appearance/development of infectious diseases, knows the causes and effects of malnutrition in relation to infectious diseases with a special focus on vulnerable groups and/or populations. - A graduate of the track/specialisation International Public Health will have the following knowledge and understanding. The graduate: • is familiar with the relevant methods and techniques (and with their pros and cons); • needed to analyse international health issues from an interdisciplinary perspective;	Approval OLC (7.13 b)

• possesses proven knowledge and understanding of interdisciplinary research aimed at solving international public health issues; • possesses knowledge and understanding of the concepts and theories that underpin effective communication and collaboration. - A graduate of the track/specialisation Nutrition & Health will have the following knowledge and understanding.
